JANUARY

Crude Apache in association with The Norwich Players at The
Maddermarket Theatre present

At the Turning of The Tide

by Crude Apache

22nd - 25th January 2020 (5 performances)

About Crude Apache: A local community-centred theatre collective who have been making theatre in almost every conceivable location around Norfolk since 1993. Their diverse output is especially notable for both new work celebrating East Anglian history and radical interpretations of Shakespeare. Common to their productions is a buoyant energy, an ensemble spirit and the use of live music.

About the Play: The 19th century, and on the wide open landscape of the Norfolk Broads the working wherries ply their trade. From Norwich and Yarmouth they carry the barrels and bales and bricks and coal to and from the people who belong to the villages of this desolate landscape. Now into this timeless place comes a new technology which brings prosperity but also change. And for some the change is not welcome. This play tells the story of one family caught up in this decisive time, their triumphs and disasters, their hopes and fears. Based on the critically acclaimed show which toured the Broads last summer, the play has been developed and re-designed for The Maddermarket.

JUNE

The Norwich Players present

Chips With Everything

by Arnold Wesker

19th - 27th June 2020 (10 performances)

Radical production of a classic 1960's state of the nation drama.

About the Play: 1950s. A group of Air Force conscripts begin eight weeks of 'square-bashing' - basic military drill. Two of the conscripts develop a friendship, Pip - a young aristocrat and Chas - a working class boy. The military hierarchy want Pip to become an officer. He rebelliously refuses. The officers patiently tolerate his rebellion thus defusing it and breaking his spirit. When Smiler, one of the recruits, is singled out and bullied by NCOs, the other recruits rebel. Pip, who has just accepted to become an officer, urges the hierarchy to tolerate their rebelliousness as they had tolerated his and thus, similarly, defuse their anger. The young recruits who began as a shambles end as an efficient, closely linked and acquiescent squad.

Director: Jen Dewsbury

Audition dates: 1st round - 2nd December 2019 (19:00 - 22:00) & 4th December 2019 (19:00 - 22:00) & 8th December 2019 (14:00 - 17:00). Recalls - 10th December 2019 (19:00 - 22:00) & 12th December 2019 (19:00 - 22:00, studio)

THE RAF CONSCRIPTS: Nine parts on offer for actors with a playing age of 18-25 (actual character ages range from 17-19 years). Whilst Pip, Chas and Smiler are the most prominent recruits in the story, all roles are well drawn and form an ensemble at the heart of the play. **OFFICERS:** Five parts on offer for actors with playing ages ranging from 30's to mid-50's. These include a Wing Commander and a Squadron Leader both upper-crust and a hygiene obsessed Pilot Officer.

NCO'S AND OTHERS: Seven other characters (a few of which may be multi-rolled). Playing ages Mid-20's to 40's. They include a benevolent Corporal and obsessive P.T. Instructor, as well as other Corporals, Airmen and Guards.

The text will be edited and the concept created following casting to fit the talents assembled. Auditions are therefore open to absolutely everyone.

DECEMBER

12th - 31st December 2020 (18 performances)

A pure and faithful adaptation in an innovative production

About the Play: Like the pages of the books have just been lifted onto the stage. Everyone you'd expect is there, Christopher Robin, Kanga, Roo, Piglet, Tigger, Eeyore and Owl, not forgetting the Bear of Very Little Brain himself, Pooh. We follow their adventures involving bees, balloons, boats and birthdays in the 100 Aker Wood.

Director: Jez Pike

Audition dates: 1st round - 7th June 2020 (10:00 - 13:00) & 10th June 2020 (19:00 - 22:00). Recalls - 14th June 2020 (10:00 - 13:00) & 15th June 2020 (19:00 - 22:00)

Rehearsals begin: Circa week of the 26th October 2020

Casting Approach : The production will have two casts. One will be creating a radio play – concentrating on the perfect voice work. In performance this recording will then be synced to a live action mime performance played by actors in full 'mascot' style costumes. The image of the animals will therefore be unhindered by the usual compromise for face and vocal projection. The actors playing them will be able to fully immerse themselves in the physicality of their character. 'Live' parts will therefore suit actors excited by an exploratory physical process and with good stamina (the costumes will get warm!) The payoff is there will be no lines to learn. Recording with scripts in hand the radio actors also have no lines to learn and don't need to be available over Christmas for the performances.

Parts are therefore for available for actors of all ages, talents and availabilities. Only the part of Robin will 'walk and talk', played by a child actor.
